

RESEARCH FELLOWS

BIOMEDICAL MATH GROUP, IBS

AT 11:59 PM
KST (KOREA STANDARD TIME)

AUG 8, 2021

BIMAG

We seek researchers with advanced knowledge, vision and passion.
Applications can be submitted via email: bimag@ibs.re.kr

The IBS Biomedical Mathematics Group (BIMAG) in Daejeon, Korea invites applications for several research fellowship positions. The expected ending date is August 8, 2021. The candidate should have a Ph.D. by the start date. BIMAG is located at the Institute for Basic Science (IBS) which is located in Daejeon, South Korea, a city of 1.5 million people. BIMAG is the place where researchers from various backgrounds including mathematics, physics, biology and medicine can research together to develop mathematical theories and tools and apply them to solve various biological and medical problems.

Successful candidates need to have Ph.D. with outstanding research potential in mathematical modeling or data analysis of biological systems. The Senior researcher and postdoctoral positions are appointments for 2+3 years and 2+1 years, respectively. BIMAG offers internationally competitive salaries (>KRW 50,000,000), travel funds and benefits (medical and travel insurance, and retirement funds). Furthermore, IBS has a childcare facility, dormitory and family housing for researchers.

A complete application packet should include:

- 1_ Curriculum vitae including a list of publications and preprints (PDF format)
- 2_ Research statement (PDF format)
- 3_ Consent to Collection and Use of Personal Information (PDF file)
- 4_ At least 3 recommendation letters
